

## RETURNING TO ACTIVE MEMBERSHIP

Sonoma County Employees' Retirement Association  
433 Aviation Boulevard, Suite 100, Santa Rosa, CA 95403  
Tel: (707) 565-8100 / Fax: (707) 565-8102 / [www.scretire.org](http://www.scretire.org)

1. Application to return to work must be made to the Retirement Board after you have received a job offer (contact us for the application packet).
  2. You will be required to take a pre-employment physical prior to returning to work. These records will be submitted to the Retirement Board for review and approval of your application to return to active membership. This could take up to 3 months depending on the timing of the necessary records being received.
  3. The effective date of your reinstatement to active membership will be the first day of reemployment.
  4. Your current retirement allowance will be suspended on the effective date of reemployment. The retirement allowance for that month will be prorated to the day before employment begins. (i.e., start date is 03/18, retirement benefit would be paid for 03/01 – 03/17.)
  5. Plan placement will be as follows based on when you return:
    - Within 6 months you would stay in the plan you were in prior to retirement.
    - Same employer after 6 months stay in the plan you were in prior to retirement.
    - Different employer after 6 months, you would be Plan B. Below is a list of the different employers. If your department is not listed, they fall under “Sonoma County”.
- Sonoma County  
Sonoma Valley Fire District  
Superior Court of California – County of Sonoma
6. Upon reinstatement, the age rate of contributions shall be determined as if you were first entering the system for Plan A members. Plan B is not age specific.
  7. Solely for the purpose of determining your eligibility for service retirement under this section, service shall include your credited service prior to reinstatement. Meaning you do not have to requalify to retire.
  8. Your retirement allowance for the reemployment service, upon subsequent retirement, will be calculated on reemployment service and compensation only. Your prior service credit and salary is not used for this calculation.
  9. Upon retirement from reinstatement, you will now receive two retirement allowances. One shall be the your retirement allowance calculated on the basis of credited service rendered **after** reinstatement in accordance with the formula applicable. The second one will be your retirement allowance as it was prior to reinstatement.
